

Business Not Finished in Alberta

AMPIA member, producer/director **Gilbert Allan** ("Cat's Cradle," "Halo," "Winter Kill," "Green Eyes") is behind the camera for his fifth feature film, a drama / thriller from U.S. screenwriter **C. Peregrin Stilson** entitled "Unfinished Business." **Cara Albo** ("Cat's Cradle") plays a clairvoyant college student named Emma. Local actors **Stacey Lawrence**, **Kyle Koltok** and **Tanner Vaters** join Las Vegas resident **Rebecca Derhousoff** to round out the young cast. Also locals such as **Franco Imbogno** and other Edmonton celebrities appear throughout the film.

Executive producers **Dr. Randy Ritz** (307 Motion Pictures Inc.) and **Darren S. Dahlseide** (Skyline Motion Pictures Inc.) have teamed together to bring what director Allan describes as "The Colombine shooting meets "Ghost Whisperer" meets "Saving Grace."

Filming began May 29 and wrapped July 4. **Evan T. Adnams** will edit the 90-minute feature.

The financing was secured predominantly from a contribution made by Concordia University College of Alberta and topped up by private investors. "Unfinished Business" is a commercial venture and will be seeking traditional distribution even though it is being produced in association with Theatre at Concordia (Concordia University College of Alberta is a registered not-for-profit educational facility).

Watch for updates as the film is prepared for public screenings.
